

## **Education**

<b>MPSTME ,NMIMS</b>	<b>2024-2026</b>
MCA	
CGPA : 8.7/10	
<b>Ruia College, Mumbai University</b>	<b>2021 - 2024</b>
Bachelors of Science in Computer Science (BSc.CS)	
CGPA: 9.20/10	
<b>National College Bandra</b>	<b>2019 - 2021</b>
HSC: 90.00	

## **Projects**

### **KalTrack- 2025**

KalTrack is a cross-platform health & fitness app currently in review on Google Play Store built with Expo for Android & iOS. It lets users track calories, protein, carbs, and log meals & workouts. Users can set weight goals, receive daily progress notifications, and explore healthy recipes.

Also provide advanced features like Meal Planning for months , Extracting info from Meal Image and QR code provided on foods , All data is securely stored via Firebase, and the app offers an intuitive UI for seamless goal management.

### **Elixor - 2025**

A full-stack perfume e-commerce platform built on NEXTJS with Clerk authentication, gender-based catalog, cart/wishlist management, and real-time stock + price/GST calculations.

Features a multi-step Razorpay checkout, responsive dark-mode UI, and product filtering/sorting.

Email notifications are handled via Resend, Firebase services like RealTimeDatabase and Firestore for live stock management.

### **Face Attendance System using Streamlit - 2025**

A Streamlit-based face attendance system using real-time face recognition for automated check-in and check-out. Users can register, log in, and log out via webcam through a simple Streamlit UI.

It captures live images, detects and recognizes faces, and logs attendance with timestamps.

Includes anti-spoofing for security, secure face data encoding storage, and detailed entry/exit logs.

## **Internships**

### **Wotino - Android Developer**

**May 2023 - July 2023**

Independently developed a fully functional Resume Maker app using Android Studio and Java and built and handled both frontend and backend components, contributed to improvements and maintenance of the Quotation Maker app on the Google Play Store.

## **CORE SKILLS**

### **Technical Skills:**

**Languages & Frameworks:** Java, Python, JavaScript, NextJS, React Native

**Mobile Development:** Android Studio (Java), Flutter (Dart), React Native (Expo)

**Web Development & UI/UX:** React.js, Tailwind CSS, ShadCN

**Backend & Databases:** Firebase, Clerk Auth, MongoDB , NeonDB

**Deployment Tools:** GitHub , Vercel , Heroku , Streamlit Share

**Soft Skills:** Problem Solving Adaptability Leadership

## **Achievements and Positions of Responsibility**

- **App Development Executive** at Developers club MPSTME
- **Organizer** TechStorm, Departmental Fest at Ruia College
